

# Engagement Packages

**Social Current's engagement packages** provide access to and unlock a host of tools, resources, learning, and networking opportunities.

Flexible engagement package options are available with pricing tailored to community-based human services organizations of various sizes, as well as individual professionals. Engagement package options also are available for health care organizations, public sector entities, educational institutions, community and national foundations, for-profit organizations and corporations, and individual community advocates.

## SPARK Exchange Groups

SPARK Exchanges unite social sector professionals around functional roles and key issue areas to collaborate, share and/or access resources and solutions, discuss emerging trends, and receive policy updates and action opportunities. Networking opportunities include online discussion forums, roundtables, and more.

Current SPARK Exchange Groups include:

- Advancing Equity
- Advancing Financial Sustainability
- CEO
- Education Success
- Fundraising, Marketing, and Communications
- Health and Mental Well-Being
- Human Resources
- Performance Excellence
- Transforming Child Welfare

## Knowledge and Insights Center

Access **more than 19,000** scholarly journals, books, and network-contributed materials and access to librarians; webinars; self-paced and instructor-led courses; online communities around a course or series; and more. Enterprise Engagement Packages include five hours of librarian/research support each year.
