

You're Invited

Equip the Flip

We are conducting focus groups on advancing equity, health, and well-being in our communities and want you, and anyone you know, to participate in this national conversation. We seek to learn from your rich perspectives and experiences of feeling valued/heard, improving access, and addressing racial disparities and inequities.

Focus groups are virtual, and individuals with lived experiences within the community will be provided a participation stipend.

We Need You!

Questions?

Please contact Trinka Landry-Bourne at tlandry-bourne@aphsa.org or Robena Spangler at rspanglersocialcurrent.org.
