Impact Partnerships

Equip your staff with the resources needed to support continued growth, development, and create a lasting impact within your organization and communities. Becoming a Social Current Impact Partner gives your organization access to a host of valuable benefits.

Knowledge and Insights Center

Social Current's virtual Knowledge and Insights Center (KIC) equips Impact Partners with the research and resources they need to stay current on emerging trends, implement promising practices, and promote continuous learning and quality improvement.

Through the KIC, Impact Partners have access to:

- An extensive resource library that has been curated by professional librarians and subject matter experts; it includes topic collections, tools, templates, and network-contributed policies and procedures
- Relevant research, business, and media databases that include thousands of journals, business book summaries, news sources, and other publications
- Select live and on-demand webinars and self-paced courses that provide learning and professional development for a variety of organizational roles and service arrays

*Ask-A-Librarian Research Assistance

Impact Partners have unique access to the knowledge and expertise of Social Current's professional librarians. Impact Partners may make one information and research request and purchase additional requests at a special rate.

Subject Matter Expertise

Impact Partners receive:

- Two network-exclusive policy briefings
- One network-exclusive fund development virtual learning session
- One network-exclusive sector trends virtual learning session
- *One-hour individual consultation session with a Social Current subject matter expert in one of the following areas:
 - Brain science and trauma-informed approaches
 - Child, family, and community well-being
 - Leadership and organizational development
- Membership to the Nonprofit Risk Management Center
